IF THEY'D USED A POWER DRILL, THEY COULD'VE DONE IT OVER THE WEEKEND!
YOU, I TAKE IT, ARE THE INVESTIGATORS SENT BY THE RESEARCH COMPANY!...I AM BORIS, CURATOR OF THE SPHINX!
INTRODUCTIONS ARE QUICKLY MADE AND THEN...
NO DOUBT, YOU ARE HERE TO EXAMINE THE DREAD MAN-MUMMY!

WE WERE SIMPLY TOLD THAT THERE WAS SOME SORT OF GHOST HERE!
OH, IT IS TERRIBLE, THIS MAN-MUMMY! NO TOURISTS WILL COME NEAR THIS STRUCTURE...

THE MAN-MUMMY IS THE GHOST OF ABI-BEN-DOVER, RULER DURING THE SAND AGE...
I'VE HEARD OF THE BRONZE AGE AND THE STONE AGE, THE ICE AGE, AND THE GOLDEN AGE...

THREE-EYED "FREAKS OF NATURE"!

From the very start, new **Super Sea-Monkeys®** thrill you with **wonders** that leave you **breathless!** Born with but **one eye** in the center of their heads, in a few days they grow **two more** eyes, making them **three** eyed **"freaks of nature"**! And because new **Super Sea-Monkeys®** grow **so incredibly fast** you actually **see** them getting bigger and **BIGGER,** day after fun-filled day! 100% GENUINE NATURAL DIAMONDS

¼ to 3 CARAT FROM ONLY $5.95!

These beautiful diamonds are the real thing. Not artificial or synthetic. Each diamond comes with a signed and notarized legal certificate guaranteeing that it is a 100% GENUINE NATURAL DIAMOND.

The average diamond in an engagement ring is ½ carat and normally sells in jewelry stores for $500 to $1,000. A 1 carat diamond normally sells for $5,000 to $10,000 **HERE ARE OUR FANTASTICALLY LOW PRICES: ¼ carat only $5.95! ½ carat only $9.95! 1 carat only $17.95! 3 carat only $89.95!**

HOW CAN WE DO IT? We make huge diamond purchases. Then, rather than cutting and polishing these diamonds, we leave them in their pure natural form—unprocessed. These are 100% PURE diamond nuggets cut to beautiful shapes by Mother Nature alone. We purchase perhaps 20,000 times as many unprocessed diamonds as an average jeweler who rarely carries them in stock. So do not be surprised when your jeweler says that he can special order an unprocessed diamond of comparable appearance but costing 20, 30, or 40 times our prices!! We are confident that you will definitely not pay less for diamonds of equivalent quality and appearance! Finally, we sell to you by direct mail without a series of middlemen, and our overhead and profit margin are rock-bottom low. You reap the benefits!

Our wild unprocessed diamonds are impressive and extremely stylish. We pay extra for rare, unusual nuggets which they are carefully selected for quality and stylish appeal. Only the MOST SPECTACULAR DIAMONDS are accepted. They go beautifully on pendants, necklaces, earrings, cuff links, bracelets, rings, etc. They are EXQUISITE JEWELS for yourself, ELEGANT and UNIQUE GIFTS for loved ones, GREAT CONVERSATION PIECES, AND SUPERB INVESTMENTS. Dazzling on both women and men.

A diamond is the most PRECIOUS, the HARDEST, and said to be the LUCKIEST of all gems. It is the most accepted symbol of love in the world. It is a perfect way to show a loved one how much you care.

A diamond is forever, but this offer is not! With the threatening civil war in southern Africa and the exhaustion of most world diamond mine reserves, diamond prices are skyrocketing, and unprocessed diamond prices are soaring the fastest. Our limited stock of the rare 3 carat diamond is a phenomenal buy. The bigger the diamond, the more spectacular its appearance and the greater its investment value. This is truly the **BEST INVESTMENT BUY ANYWHERE! We will not be undersold!!** If you want these diamonds at these rock-bottom low prices, send immediately. **15-DAY UNCONDITIONAL MONEY BACK GUARANTY OF COMPLETE SATISFACTION. YOU TAKE NO RISK AT ALL!**

SYNOMETRICS...an Olympic Champion's Discovery!

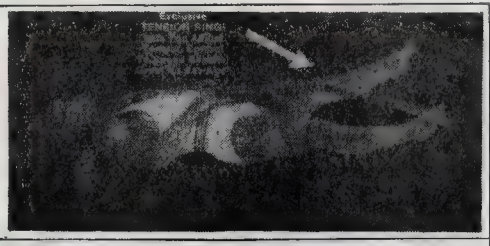
Ike Berger Today.

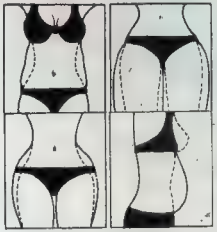
Introducing IKE BERGER Olympic Champion

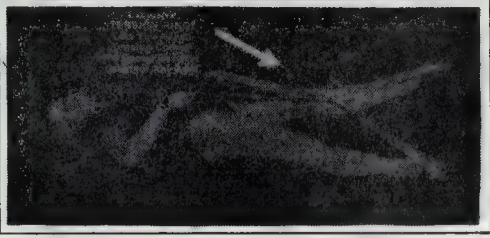
Olympic Gold medal winner (U.S. team) weightlifting • World Champion (three times) • Pan American Games Champion (twice) • National Champion (12 times) • Elected to Hall of Fame.

Turn Belly Fat into a Rock-Hard Lean Stomach

"I'm over 50 and I thought my fat and flab was with me for life...SYNOMETRICS "burned" it off in only 7 days. In fact results came so fast I had to cut my daily 7 minute workout to 5 minutes to slow down the slimming process. It's the most amazing method I've ever tried...and I've tried just about every gadget and gimmick I've seen in magazines and TV."







IN JUST 7 SHORT MINUTES A DAY with the "miracle" of SYNOMETRICS (scientific concept of ISOMETRIC + ISOTONIC) ...the fantastic new discovery for **speed shaping** away ugly, embarrassing fat and flab...to reveal a brand new rock-hard, lean, trim, handsome body!

IKE BERGER explains SYNOMETRICS™...the new EASY speed method for figure beauty

What is SYNOMETRICS? You've probably heard about the isotonic and isometric principle of body dynamics for years. Each method has its own believers and supporters. I used BOTH methods in my daily training. Finally, I developed a special exercise unit that employed BOTH methods AT THE SAME TIME *in one device.* The effect was simply amazing. I was able to keep in trim, slim shape in only a fraction of the time I previously needed!

The Science of SYNOMETRICS

I later learned the scientific reason for this amazing result. It's called SYNERGISM—meaning that when you combine two methods the result is greater than the both of them separately. I now called my new discovery SYNOMETRICS and developed a special exercise unit I call the SPEED SHAPER. And that's just what it is...a speed method to give you results in minutes, NOT hours! Now...build yourself a "fantastic looking body" with the incredible SYNOMETRICS—the invention that works on the exciting new scientific concept of ISOTONIC + ISOMETRIC.

What is the SPEED SHAPER?

Ingeniously designed, in an amazingly compact slimming & shaping discovery. • No doorknobs needed • Adjust tension to your own needs, for any age • Slip into pocket or purse (5 oz.)—fits anywhere!

Iron Clad Money Back Guarantee

In just a few days you must actually begin to see measurable, real results...or **your money back promptly and without any question.**

*No diet needed if daily caloric intake does not add to your present body weight.

SCOOBY-DOODLES

c/o MARVEL COMICS GROUP, 575 MADISON AVE. N.Y.C. 10022

Dear People,

Perhaps it seems a bit strange for a hard-core AVENGERS, DEFENDERS, DAREDEVIL, and SPIDER-MAN fan to be writing to your new SCOOBY-DOO title, but it isn't, really.

The first television program I can remember watching was *Huckleberry Hound*. I can remember when Yogi Bear became so popular that he was moved from Huck's show to a program of his own. Then there was *Quick Draw McGraw*, and *Top Cat* and *Peter Potamus* and *The Flintstones* and on and on. So, you see, I grew up with the wacky Hanna-Barbera characters as best friends. It seems only natural that I, like Marvel, should get together with some of the best-loved animated characters in existence. All of which means that, no matter what peculiar looks a 24-year-old may gather when purchasing SCOOBY-DOO, DYNOMUTT, and the others, I'll just keep a stiff upper lip and go right on reading

By the way, I especially enjoy Dan Spiegel's artwork on SCOOBY-DOO. Do you suppose you might give him a book length SCOOBY adventure to work on before too long?

Scott Gibson
2711 South Pinehurst Dr.
Evergreen, CO 80439

Ummm, we might, Scott—if Scoob's awesome assembly of readers is so inclined. How about it, folks? Would you like to see an occasional book-length SCOOBY story—or should we stick to a couple of shorter tales? As always, *you* have the final say!

And say, Scott, thanks so much for the good words. You are far from alone! As a matter of fact, our ever-expanding *Scooby-Doodles* mail bag holds notes and cards from a goodly number of Marvelites who have long since left their teen years far behind. Just goes to show that you're never, but *NEVER* too old to enjoy a comic that's well done and entertaining!

Dear Marvel,

Thank you for taking SCOOBY-DOO under your wing. I know it's going to be a great book because it's with a great company. I have high hopes for Scooby, and I know his book is going to be successful.

I wish you would tell the artist who did the first issue of SCOOBY-DOO to start signing his name. I thought the art was terrific.

I do think, however, that Scooby-Doo should have the whole book to himself. Would you by any chance start doing continued stories in SCOOBY-DOO? I think that would be great. Instead of doing two short stories, do one continued story. Continued stories would really be fantastic.

Well, I enjoyed the first issue of SCOOBY-DOO, and I know I'll enjoy every issue. Now and evermore, Marvel is the greatest!

Rick Harrison
8006 Callison Dr.
Glen Allen, VA 23060

Whew! First, Scott Gibson wants book-length stories—and now you, Rick, make a bid for continued sagas! But, like we said, if your fellow fans agree, your wish will be our command!

As for the credits on our first issue. . .well, we can fill that request right now! As was mentioned last issue, the art chores on SCOOBY-DOO are being handled by Dynamite Dan Spiegel, with the exception of the DYNOMUTT preview stories, which are drawn by Powerful Paul Norris! And the stories are coming your way from the overworked typewriter of Matchless Mark Evanier (with the exception of "Two Phantoms Too Many", which was adapted from one of Scoob's TV shows). And the whole magilla is supervised by the editorial eye of Charming Chase Craig. Take a bow, gents!

Dear Marvel,

I've read a lot of Marvel and Hanna-Barbera comics, but I never thought I'd see Marvel and Hanna-Barbera in one comic. Fantastic! *Everything* is fantastic about SCOOBY-DOO #1. I can't wait for issue #2. Thanks for making this such a terrific comic book!

Jeffrey Williams
Route 4, Box 245
Perry, FL 32347

Dear Armadillos,

Scooby-Doo just happens to be my favorite cartoon show. So, when I read in Stan Lee's Soapbox about all of the great new Hanna-Barbera titles, I went to the newsstand and bought three copies each of the first issues of SCOOBY-DOO and THE FLINTSTONES.

Keep it coming!

Kerry Vazquez
579 Fort Washington Ave.
New York, NY 10033

Dear Marvel and Hanna-Barbera,

Congratulations on a hopefully long and productive relationship. And congratulations on a fantastic issue of SCOOBY-DOO #1. "Three Phantoms Too Many" was an extremely interesting story. Mr. Grizzly was the last person I would have suspected as being the phantom.

In the second story—"The Horrible Hound Sound"—I loved the way Scooby thought of writing to his Congressman. . .if he had one. And seeing Scoob sing was a real treat.

The third story with Dynomutt was also great. Give him his own book, please! I can see it now: written by Chris Claremont, penciled by Sal Buscema, and inked by Pablo Marcos. (Think about it, huh?)

"The Funtastic World of Hanna-Barbera" is absolutely fantastic! Keep in in your books for as long as you possibly can.

And until Scooby teams up with Aunt May, make mine Marvel *and* Hanna Barbera!

Vincent Sciuto
30 Jackson Dr.
Danbury, CT 06810

Whoa! Sounds like you're gonna be with us for a long time, Vince! As you know by now, there is a book featuring Dynomutt, albeit by the team of Evanier and Norris, rather than Claremont, Buscema, and Marcos. But we think if you give it a try, you'll agree that Mark and Paul are just right for the adventures of the Dog Wonder.

And on that note, we bring another installment of *Scooby Doodles* to a close. Join us here again in just sixty days for more funtastic thrills and adventures!

'Nuff said!

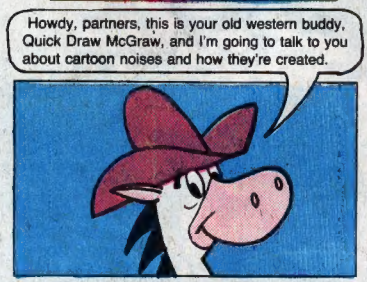
THE FUNTASTIC WORLD OF HANNA-BARBERA

ZONKS AND BONKS



Howdy, partners, this is your old western buddy, Quick Draw McGraw, and I'm going to talk to you about cartoon noises and how they're created.

In The Funtastic World of Hanna-Barbera there is a special function in animated cartoon making which is known as "sound effects." These are the zonks and the bonks, the boings and the twoings, which are just a few of the thousands of noises which are needed to bring a cartoon to life. Actually, there are three different parts to the sound department: One, the character voices created by actors and actresses reading from scripts. Two, the music selected to go with certain scenes. Three, the sound effects.

The film editor has the responsibility of selecting the best sound effect to go with the animated action. A good sound added to the motion picture makes the visual effect much better and helps bring a feeling of reality to the screen.

The voices for an animated cartoon are usually recorded first, then listened to, measured, and transcribed on animation sheets for the artist to design the lip action and general movement timing. The sound effects are for the most part, matched to the final animated action.

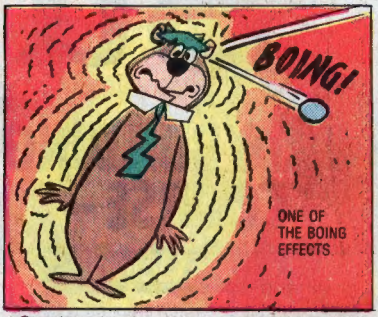
The film editor does the cutting and splicing of the entire cartoon, getting it adjusted to the total time required, as well as synchronization of voice and picture. Then, on an action by action basis the editor assembles a reel of sound effects that work with the animation. An editing machine, known as a Movieola, is used by the editor to match the sound to the picture.

In the funtastic editing world of Hanna-Barbera the editors have a whole library of sound effects. They make selections from hundreds of available noises. Categories are listed in typical animation style. One group might be called crashes. Then, the crash group could be divided into big crashes, big long crashes, big short crashes, etc.

Another group might be called assorted hits. These would then be divided up into hard hits, metal bops, wood whacks, hollow hits, and comedy klonks. Some are given funny names such as zonks and bonks.

If the action calls for a skid or a slide before a hit, the editor has a variety of appropriate sounds that might be chosen, such as screeching skid, tire squeal, gravel grind, and the like.

After a hit there is often an after-sound such as a vibrating noise called a twoing, or boing effect. These, too, are widely used in animated cartoons.



Once in a while the editor cannot find any effect in the library that fits the scene. When this happens it is necessary to create something to fit the occasion. Many effects are made in unusual ways, often far different than reality. For example, thunder might be a vibrating metal sheet, galloping horses can be clomping coconut shells, and a fire effect is created by crumbling dry straw or cellophane in front of the microphone. Experimentation often develops some very unusual and interesting cartoon sounds.

The final work of the editor is to combine the sound effects, making a balanced sound track, including the voices and music. With the proper blending of all these elements, animated cartoons come to life in The Funtastic World of Hanna-Barbera. I guess I've sounded off about enough for now, folks. So this is your old pal, Quick Draw McGraw, leaving you with a zip exit. So long, partners! Zoom! Ka-zoing! Boing!

MAKE MONEY
GET PRIZES
with Fast Selling American Seeds

Take your choice of 100 wonderful prizes. You can earn as many as you want—quickly, easily. Many prizes shown here and many more in our Big Prize Book are given WITHOUT COST for selling just one 45 pack order of American Vegetable and Flower Seeds at 45¢ a pack. Some of the larger prizes require more sales or extra money as explained in the Big Prize Book.

Send NO MONEY, We Trust You

Everybody wants American Seeds. They're fresh and ready to grow. You'll sell them quickly to family, friends and neighbors. Many boys and girls sell their packs in one day. You can, too—and get your prize at once. Or, if you want money instead of a prize, keep $6.75 for every 45-pack order you sell. There's no risk; any unsold packs may be returned.
